It has been a busy, happy and successful first semester in the 3-6A classroom. The second semester will be just as challenging, with many activities planned.

School Concert (Week 10)
We are currently learning our song and deciding on movements to match our song. Our costumes are almost ready and we are eagerly awaiting the performance.

Peer Support
Each child will be in a K-6 group, headed by the Year 6 students. The program will operate weekly from week 3.

HSIE
This term we will study “Life Cycles and Food Chains”. The students will be researching and sharing information on these topics. Some excellent research was produced during semester one on the topics of Australian History and the Solar System.

Hot Shots Tennis Clinic
In August, the students will be able to wear their new Hot Shots shirts and participate in a Hot Shots Clinic. Visiting tennis coaches will visit the School and conduct the Clinic.

Reading
I am pleased that most students are developing a love of reading and demonstrate a real interest in reading daily. I hope this interest is reflected at home. The best homework your child can do is to develop the daily habit of reading.

Thank you. Please feel welcome to visit us any time.

P & C NEWS

OUR MEETINGS ARE ACTUALLY RATHER EXCITING
Glenroy Public School is having some great successes with financial support for projects around our school. During the meeting last week we went into the space that has been funded for conversion into a new multi-purpose room and were excited to picture the changes that will be made. The large space of the Brekky Club/Canteen will now become two spaces – one for the Canteen and another for the Brekky Club. Sounds simple but opens up so many more opportunities. Of course this is a joint funding arrangement which means the school and P&C need to match the funds.

MONEY, MONEY, MONEY
If you read the information that was included in the newsletter last week then you will know that the P&C are keen to commit $13,000 towards the conversion of the multi-purpose centre. Over many years past P&C committee members and the school community have worked hard to build up a pool of funds to support projects around the school. In the last few years we have redeveloped the garden, supported an Artist In Residence, funded school excursions and the gymnastics program and even added a family of chooks to the population. We now have the opportunity of funding the development of the Multi Purpose Centre. If you want to know more and have your voice heard at the P&C meeting then make sure you come to the next meeting on 21st August. Only financial members of the P&C are able to vote, another excuse to get involved.

SEE YOU AT LAVINGTON CENTRO
Hopefully you can find time to come down to Centro and see our students perform. It is always so much fun to watch the students strut their stuff in front of a crowd. See you there Wed 31st July at 12 noon.
